## 4. DISTRIBUTION CONDITIONS AND RESTRICTIONS

### Distribution channels and conditions

The Wise Send Money and Wise Account products can be distributed separately. The Debit Card can only be distributed with a Wise Account.

Wise products are distributed directly by Wise via:

- Wise' mobile app;
- Wise' website; or
- Wise API integration.

Wise products can also be distributed through certain third parties with whom Wise has an agreement ("Wise Partners"). The distribution by Wise Partners is qualified and strictly controlled through the agreement between Wise and the Wise Partner. No third party may engage in the distribution of one of Wise' products unless they have entered into an agreement with Wise.

**Distribution appropriateness**

Distribution and marketing through these channels are strictly controlled, ensuring that the customers who acquire the product are more likely to be in the target market:

- Direct distribution by Wise: Wise has full control over the distribution and marketing efforts through its channels.
- Indirect distribution by Wise Partners: The third-party channels are strictly controlled through the agreement between Wise and the Wise Partner.

These limited distribution channels enable Wise to maintain a high level of oversight so that Wise products are reasonably likely to reach the intended target market.
